Vinol will Stop a Cough and Break Up a Cold

A constitutional remedy that removes the cause by building up the system. These elements contained in Vinol—Beef and Cod Liver Peptones, Iron, Manganese and Glycerophosphates—soon create an energy that throws off the cold and prevents its recurrence. It has given ninety per cent satisfaction for sixteen years. **HERE IS PROOF:**

Dunn, N.C.
"I suffered with a chronic cold for four months, coughed day and night. Had to keep on working when I was not able to. I saw Vinol advertised and tried it, and I want to tell you it just cured that cold in a short time. It made me eat and sleep well, better every day."—J. C. Bagley, Dunn, N.C.

Lagrange, N.C.
"For years I suffered with a chronic cough, so I could not sleep nights and continued to lose flesh. My druggist asked me to try Vinol. It cured my cough, I can sleep nights and have gained twelve pounds. Vinol is the best tonic and tissue builder I have ever taken."—W. D. Ren, Lagrange, N.C.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Law Firm Dissolves

Announcement has been made of the dissolution of the law firm of Chenault & Wallace, one of the most prominent legal partnerships in this part of the state. Each of the senior members of the firm, Judge J. C. Chenault and Mr. C. C. Wallace, will take his son into partnership with him and for this reason, a partnership that has been entirely satisfactory to all parties is dissolved after five years. J. P. Chenault, who has just returned from the army, will be associated with his father and they will have rooms in the McKee building. Mr. Wallace will continue in the former firm's offices in the Oldham building. As soon as his son, Lieut. Wm. Wallace, who is now with the American army of occupation in Germany, gets home, he will take a partnership with his father.

Says His Boy Was Murdered

An echo of what everyone thought was an accident pure and simple, was heard before County Judge Price yesterday when C. H. Settle, of Berea, section, swore out a warrant for Acie Kindred, 12 years old, charging him with the alleged murder of his son, Smith Settle, 16 years old. The killing occurred some time last June, while the boys were in a room and was said at the time to have been accidental. Mr. Settle was out of the city then and having returned home a few days ago, took up the matter by taking steps to have the alleged slayer of his son prosecuted. The father of young Kindred declares the shooting was accidental.

The Lexington Herald said this morning that 2,000 pounds of tobacco sold on the Richmond market at its opening at an average of 30 cents. Of course the Herald may think this is a 2,000 pound market but no one else does. The opening of the markets here was an inspiring sight, with almost a million pounds on the warehouse floors, and hundreds of farmers and business men watching the sales. Richmond is known far and wide as the best market in this section of the state, all things considered, and this year is going to be no exception, watch that prediction.

"OVER THE TOP,"

Sergeant Empey's Interesting Story of the War.

We had cut a lane about halfway through the wire when, down the center of our line, twang! went an improperly cut wire. We crouched down,

Receiving First Aid.

cursing under our breath, trembling all over, our knees lacerated from the strands of the cut barbed wire on the ground, waiting for a challenge and the inevitable volley of rifle fire. Nothing happened. I suppose the fellow who cut the barbed wire improperly was the one who had sneezed about half an hour previously. What we wished him would never make his new year a happy one.

The officer, in my opinion, at the noise of the wire should have given the four-tap signal, which meant, "On your own, get back to your trenches as quickly as possible," but again he must have relied on the spiel that Old Pepper had given us in the dugout. "Personally I believe that that part of the German trench is unoccupied." Anyway, we got careless, but not so careless that we sang patriotic songs or made any unnecessary noise.

During the intervals of falling star shells we carried on with our wire cutting until at last we succeeded in getting through the German barbed wire. At this point we were only ten feet from the German trenches. If we were discovered, we were like rats in a trap. Our way was cut off unless we ran along the wire to the narrow lane we had cut through. With our hearts in our mouths we waited for the three-tap signal to rush the German trench. Three taps had gotten about halfway down the line when suddenly about ten to twenty German star shells were fired all along the trench and landed in the barbed wire in rear of us, turning night into day and silhouetting us against the wall of light made by the flares. In the glaring light we were confronted by the following unpleasant scene.

All along the German trench, at about three-foot intervals, stood a big Prussian guardsman with his rifle at the aim, and then we found out why we had not been challenged when the man sneezed and the barbed wire had been improperly cut. About three feet in front of the trench they had constructed a single fence of barbed wire and we knew our chances were one thousand to one of returning alive. We could not rush their trench on account of this second defense. Then in front of me the challenge, "Halt," given in English rang out, and one of the finest things I have ever heard on the western front took place.

From the middle of our line some Tommy answered the challenge with, "Aw, go to h—l." It must have been the man who had sneezed or who had improperly cut the barbed wire; he wanted to show Fritz that he could die game. Then came the volley. Machine guns were turned loose and several bombs were thrown in our rear. The Boche in front of me was looking down his sight. This fellow might have, under ordinary circumstances, been handsome, but when I viewed him from the front of his rifle he had the goblin of childhood imagination related to the shade.

From Russell Peyton.

Mrs. Claud Harris received a letter from her brother, Russell Peyton, a few days after the armistice was signed. It will be read with interest here:

Somewhere in France, Nov. 15.

Dear Sister:—I will try and answer your kind and loving letter I received yesterday and was so glad to hear from you. Well, sis, this leaves me well and feeling fine. I am glad I got your pictures, but you were mistaken about them looking fine. I was not feeling good at the time. I am getting a good many of your letters now, and have been answering them as soon as I can. Don't you all worry about the boys over here. Uncle Sam will take good care of them.

Mother was telling me that Walter was going to get married. I guess he will want his father with him. Tell mother if the corner lot there, facing both corners, is for sale to buy it. Tell Opal that the Germans are whipped. So I can't get one for her. But I have some German money we found in a dug out I will bring back with me for her. Tell Claud no one could make much hunting here. What did Robert say about the \$10 I said I would give him for going to school every day? I sure did hate to hear about Zeke Moberly. When you receive any letters from me be sure to let mamma know for she might not get all my letters as some may get lost. I received twelve letters yesterday and will answer every one as soon as I can. I am writing outside but it is so cool I will have to move in by the fire. I have plenty of good tobacco and good cigars, so I am all O. K. I have to go to work at three o'clock and it is now twelve. I will finish this and then go get my dinner. Well, this is French paper I got from a Frenchman. I see Wink and some of the Richmond boys quite often. I don't know very much to write. Give my love to all. I am glad the Huns are whipped so the boys will be home some sweet day. Will ring off for this time, hoping to hear from you soon. Your loving brother,

RUSSELL PEYTON,
Headquarters Troop 6th Division Reg. A. P. O. 777, A. E. F. France.

Farm and Stock News.

Wm. H. Haley, Jr., of Paris, purchased 41 head of feeding cattle in Mt. Sterling at prices ranging from \$8 to \$11 per hundred pounds.

Chester Gore, of Bourbon county, bought from John L. Vice, of Mt. Sterling, this week, five head of 600 pound cattle at \$10 per hundred.

J. J. Richardson, Jr., hunting on the farm of his father, John J. Richardson, two miles east of Nicholasville, killed a large swan Friday which was swimming on the pond. It was a beautiful snow white bird and its wings measured six feet eight inches from tip to tip. A photograph was made of young Richardson and the bird.

The Madisonville Hustler says: Lucien Hancock, who lives a mile or two from town is doubtless the best potato raiser of the county. Besides what has been used in the family, he has harvested 573 bushels of sweet potatoes and 252 bushels of Irish potatoes, making a total of 825 bushels. For these he received \$2 per bushel. His crop will net him \$1,625.

James Long, of near Paris, realized \$404.50 for a crop of 780 pounds of tobacco and a lot of Irish potatoes all raised on half an acre of land. Mr. Long planted his potato crop and when the tubers had gotten sufficient growth he planted tobacco between the rows. The tobacco brought \$41.30 per hundred pounds, of \$314.50, and the potatoes sold for \$90, making the total sales from the half acre of land bring in \$404.50.
